1 Study the following source material and then answer the questions which follow.

Source A The Wars of Religion were not continuous. There were several periods of peace. Also the wars did not affect every region of France in the same way. In 1593–4 peasants began to band together to prevent the pillaging of both the armies of Henry IV and of the Catholic League. In south-west France, the peasants made demands that included
5 lowering taxes. In May 1594, as many as 20 000 peasants assembled to put forward their grievances; these peasant uprisings helped to convince Henry IV that an end to the civil wars was important to prevent social upheaval. By 1598 he was able to buy off the leaders of the Catholic League and end the conflict between Catholics and Huguenots with the Edict of Nantes.

Source B With the death of Henry III (1589) about half the royal army refused to continue fighting. Henry IV's forces were so depleted that he had to retreat to Normandy. Henry then set about driving the League army southwards, defeating them at Ivry in 1590 and laying siege to Paris. This obliged Philip II of Spain to commit himself more directly to
5 the struggle. When this failed, he instructed the Duke of Parma to invade France. Parma crossed the frontier and broke the siege of Paris. Henry IV was aware that the sword alone would not win him the kingdom. On 23 December 1593, Henry formally abjured the Protestant heresy. With the king now a Catholic the enthusiasm of his enemies rapidly ebbed away.

Source C The Huguenots were encouraged after some hard bargaining to accept the Edict of Nantes in 1598. Liberty of conscience was granted and Protestant worship allowed only on the estates of Huguenot nobles, at places decided by rival commissioners and wherever the Huguenots could prove that it had been openly practised in 1596 and 1597. Bi-partisan courts (*chambres mi-parties*) were to be set up in the parlements to judge lawsuits involving protestants. However, Huguenots were not allowed to impose taxes, build fortifications, levy troops or hold political assemblies. The edict encountered stiff opposition from the parlement as the king might have expected. By degrees he got his way.
